Konrad Beverage Seasonal Helper

Description

Konrad Beverage Season Helper:

On a daily basis, the driver's helper will help deliver customer-purchased product to assigned accounts as well as stock coolers and shelves neatly with product to ensure proper rotation of product with every delivery. This position will pick up all empty kegs at their prospective stops on a daily basis. The driver's helper works safely, obeying all company policies and procedures, including safety procedures and requirements. This position will also help with warehouse picking, which can include picking cases to build customer's orders to be loaded for delivery. They will communicate with co-workers, ensuring superior customer service.
